LED Flood Light

CCT & Wattage Selectable LED Flood Light Fixture

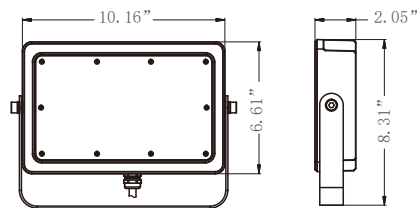

DESCRIPTION

LED flood lights are a versatile solution for all your outdoor lighting problems. These lights can be installed anywhere around your property. These LED flood lights can be installed in both upward or downward fashion to illuminate your outdoors at different beam angles. Mounting these lights is a simple process enabling you to do an easy and quick installation. To change the beam angle a user simply has to loosen the thumb-screw, move the fixture onto the desired position, and then retighten the screw.
